M/s. NATIONAL INSURANCE COMPANY LIMITED, DIBRUGARH	₹ 1,88,69,536.00	<u>Reason for Nomination:</u> As per BCPL DoP, the extension of scope and period of an existing service contract on the same terms and conditions is possible for a maximum period of one year and up to 50% of the contract value. In this instance case, the extension of the period was for more than one year i.e. by 14 months and the enhancement in sum insured value of Erection All Risk (EAR) policy is also more than 110% i.e. from Rs. 285.05 crore to Rs. 600.52 crore. Under the circumstances, the DoP clause for extension of scope and period of service contract shall not be applicable. Initiating a fresh open or limited tender is also not a feasible option in this case, as both the increase in the sum insured and the extension of the policy duration of the existing policies are only possible through the existing insurer only. Additionally, if a new policy is

						obtained from a different insurer, the premium will apply from the start of the project period, causing a double payment of premiums for the original validity period and sum insured both for the original policy and the new one, as there is no provision for a refund of the premium already paid to the previous insurer, wherein the validity of the previous policies are already almost over. The price is reasonable considering there is no change in the premium rates from the existing policy premium rates for enhancement of sum insured of the policies and similarly, there is no change in the premium rates for 14-month extension of ALOP and SAT policies. However, the premium rate increase in time extension of EAR policy is justified considering the rise in IIB/ NIC base rate for STFI by 0.10 per mille, with effect from 01.04.2023. In view of the above, a fresh contract was awarded to M/s NIC on a nomination basis for sum insured enhancement and 14-month time extension of the project policies.
