Reinstatement or Replacement shall mean:

Where Property is lost or destroyed, the rebuilding of any buildings or the replacement by similar property of any other Property, in either case in a condition equal to but not better or more extensive than its condition when new other than provision as per article no. 3.21 (technological Improvement);

Where Property is damaged, the repair of the damage and the restoration of the damaged portion of the Property to a condition substantially the same as but not better or more extensive than its condition when new.

Where by reason of the above provisions, no payment is to be made for rebuilding or replacement or if the Insured elects not to rebuild or replace, the Insurer will pay to the Insured the actual value of the property at the time of the happening of its damage. Actual value means the cost which in the event of damage to any item or part of the property insured would be necessary to replace it with one of the same age and capacity and similar make and quality, inclusive of all materials, wages, freight, custom & other duties, dues etc. with due allowance for depreciation for age , use and condition.

- c) No payment beyond the amount which would have been payable under this Section of the Policy if this clause had not been incorporated therein shall be made if at the time of any destruction or damage such Property shall be covered by any other insurance effected by or on behalf of the Insured which is not upon the identical basis of reinstatement as stated in this Section of the Policy.

- d) If, as a result of the application of any of these Special Provisions, no payment is to be made beyond the amount which would have been payable under this Section of the Policy if this Clause had not been incorporated therein, the rights and liabilities of the Insured and the company in respect of the destruction or damage shall be subject to the Terms and Conditions of the Policy as if this clause had not been incorporated therein.
- e) It is a condition under this policy that at the time of every renewal the values of plant, machinery and assets should be adjusted by the insured to represent the new replacement value.
- f) If at the time of the reinstatement of the loss, the sum representing 85pct. of the cost which would have been incurred in the reinstatement if the whole property covered by such item had been destroyed exceeds the sum insured thereon at the commencement of any destruction or damage then the insured shall be considered as being his own insurer for the difference between the sum insured and the sum representing 85pct., of the cost of reinstatement of the whole of the property and shall bear a rateable proportion of the loss accordingly.

The Insurers shall be entitled at their option to reinstate or replace the destroyed or damaged property.

If the stock hereby insured shall, at the time of the destruction of or loss or damage, be collectively of greater value than the sum insured there on then the insured shall be considered as being his own insurer for the difference and shall bear a ratable proportion of the loss accordingly. Every item, if more than one, of the policy shall be separately subject to this condition.

In the event of destruction of or loss of or damage to catalyst whilst in process, the basis of indemnification shall be reinstatement value, which shall be determined on the basis of Replacement Cost to the insured, less salvage value.
