

Specification sheet
Supply of Heavy Duty Platform Scales with Indicator and Printer

Item	Measures	Specifications
Weighing platform		
	Capacity	3000 Kg
	Size of platform	1500 mmX 1800 mm X 90 (H) minimum
	MOC of platform	MS or better
	Load cell	4 nos
	Accuracy	500 gm or better
	Load cell protection	IP 67
	Operating Temperature	(-) 30 to 40 Deg C or better
	Coating in Load cell	Silicon coating or better
	Display	Digital display LED
	INTERFACE	RS-232 & ETHERNET (BOTH)
	SOFTWARE	PC CONFIGURABLE APPLICATION SOFTWARE FOR DATA LOGGING
	Power supply	230 VAC 50 Hz
PRINTER		
	Printer Type	DOT-MATRIX PRINTER or Laser
	Printing method	Line thermal dot printing or better
	Processor	32 bit Micro controller or better
	Printing speed	220 mm/ sec or better
	Cutter	Full or Partial cut
	Printer head reliability	150 Km or better
	Character size	As per attached sample printout
	Poweer supply	230 VAC 50 Hz
	PC compatible	For coonecting with PC provision of port required with software
	Printed slip	As per attached sample printout
